Providing Autism and Developmental Assessments for Children and Adolescents

Our clinic is by appointment only and conveniently located just off the Nepean Highway in Brighton East, VIC, 3187. Therapy Pro for Kids offers a caring, holistic, and client-centered approach to assessments.

With the child and parents/caregivers at the center of the process we utilize the skills and expertise of a range of professionals including highly qualified speech pathologists, occupational therapists and psychologists, and a range of evidence-based assessment tools to gather relevant information about the child, their strengths, developmental and support needs.
